ACCIDENT VICTIM
GREENFIELD MAN

Body of Man Killed in Boston Hotel Identified as Jacob Bechtold

REGISTERED UNDER
NAME OF J. STEVENS

Was Widely Known as Liveryman —
Wife and Daughters Are in San Francisco and Son Is Officer in Company L on Mexican Border.

GREENFIELD, Mass., Sept. 21.—Investigation by friends into the mysterious disappearance of Jacob Bechtold, the well known liveryman, revealed yesterday at Boston that he was killed in an elevator accident at the Crawford House, Tuesday night, Sept. 12. A hastily scrawled name and address on the hotel register was deciphered as "J. Stevens, Springfield," and the Springfield police had been unable to find anyone missing from that city who answered to the description given.

Arthur Rist, John J. Woodcock and Jacob Lippold left for Boston yesterday morning by the 3 o'clock train and about 9 o'clock telephoned here that they had identified the body as that of Mr. Bechtold. It was brought here to await the arrival of relatives, all of the family being a long distance from Greenfield. Mrs. Bechtold, with her daughter, Elizabeth, is visiting her other daughter, Ella, in San Francisco and Mr. Bechtold's son, Lieut. Jacob Bechtold, is with the Second regiment at Columbus, N. M. He will probably be granted leave of absence to come home.

Mr. Bechtold entered the Crawford House some time after midnight and after registering, stepped to the elevator to go to his room. The elevator is of a two door pattern, and the jar of the car starting evidently caused Mr. Bechtold to lose his balance and he fell into the open doorway. He was caught against the upper side of the door and was killed instantly. A crew from a nearby fire station was called and chopped away enough of the flooring to release the body. George H. Webster, the night watchman of the hotel, who operated the car, was arrested on a charge of manslaughter.

Mr. Bechtold was born in Greenfield 50 years ago. For the greater part of his life he was employed by Lucius Nims as foreman of his livery stable. When Mr. Nims retired from business recently, Mr. Bechtold bought the business and had since conducted it successfully. He was a man of quiet demeanor and good habits and had a great many friends not only in Greenfield, but all over Franklin county.

PUBLIC TAKES WAR LOAN.

Canadian Financing Done Without Difficulty.

OTTAWA, Ont., Sept. 21.—Canadian chartered banks have subscribed \$50,000,000 to the domestic war issue of \$100,000,000. This subscription will be assumed by banks in proportion to their paid-up capital.

The banks will only receive of the war loan what is not desired by the general public and it is believed that all the issue will be taken by the public. So far it is known that over \$80,000,000 has been subscribed by the public and subscription sheets will remain open until Saturday night.

All Canadian war expenditure and the financing of British war purchases in Canada have been for some time and will be until the end of the war provided for by the Canadian government through domestic loans and war taxation. It is not considered probable that another Canadian federal loan, either for war expenditure or ordinary capital expenditure, will be required to be placed in the United States, although the provincial governments and corporations will probably seek funds in New York.

SALESMAN COMMITS SUICIDE.

Carl A. Pates of Boston Shoots Himself in Lebanon, N. H.

LEBANON, N. H., Sept. 21.—Carl A. Pates, aged 39, a Boston salesman in the employ of the John P. Squire & Sons company, committed suicide by

shooting himself yesterday at Hotel Rogers with a 32-caliber revolver. The young man had for several years been coming here. He arrived Tuesday evening, had dinner in the main dining room about 7 o'clock, and retiring about 10, left a call for 6 o'clock, presumably to take the 6.45 train for Boston.

The bellboy receiving no response in the morning, found the door of his room unlocked. Pates was lying across the bed with his nightclothes on and the revolver in his hand, with one chamber empty. The bullet had entered near the man's temple and lodged back of the left eye.

In the absence of the district medical referee the selectmen were called, and ordered the body removed to a local undertaking rooms.

No writing of any kind was found among his belongings.

WORLD'S CHAMPION
DAIRY COW ENTERED

Sophie 19th, Valued at \$50,000, to Be One of 1,200 Animals at National Dairy Show.

SPRINGFIELD, Mass., Sept. 21.—Entries for the national dairy show closed last night. Approximately 1,200 head of cattle will be exhibited, according to the estimates formed by the officials. Owing to the immense amount of detail information connected with each entry blank, it will probably be another day before the exact number can be learned. All records, however, will be broken as the largest number of dairy cows ever placed on exhibition at any show in the past was under 800. In addition, the exhibits will be of greater value than at any time in the past. For the first time in six years C. I. Hood of Lowell will exhibit Sophie 19th of Hood farm, champion dairy cow of the world, valued at over \$50,000.

Sophie is a Jersey, a granddaughter of Tormentor, said to be the most famous bull ever raised. From a long line of blue ribbon winners Sophie has attained the highest marks ever set by any cow of any breed. Her record of merit test for one year is 17,557 pounds 12 ounces of milk, the equivalent of 1,175 pounds and 7 ounces of butter. For five years her record is 64,005 pounds and 4 ounces of milk, the equivalent of 4,414 pounds and 14 ounces of butter. Her owner refused an offer of \$50,000 for her about a year ago and it is said he would not consider an offer of twice that amount.

For six years Mr. Hood has steadfastly refused to allow Sophie to be exhibited for fear that harm might come to her at the exhibitions, due to chance for possible injury going to and from the shows, and from lack of care at the exposition. This year, however, he has agreed to place her on exhibition on account of the manner in which the cattle building was constructed and because of his loyalty to New England. On account of his action many breeders have been influenced not only to attend the fair, but to enter high grade stock. This, the Republican nomination for state controller in the primaries Tuesday, but was overwhelmingly defeated by Eugene M. Travis, the present controller. Hooker's vote was so small that it was not a factor in the result.

The first cry of "fraud" in the primary contests reached Republican headquarters in the shape of a postal bearing the heading of the Republican national committee and purporting to be signed by William E. Wilcox, its chairman, urging support for Hooker in his contest against Travis.

Chairman Wilcox, who is in Chicago, was informed over the long-distance telephone, and he immediately made a statement that the national committee had no knowledge of the postal and had not authorized it. He said the national committee was taking no part whatever in primary contests in this or any other state.

The Hooker cards were freely distributed among the voters in Brooklyn, where Controller Travis lives, and created a good deal of excitement in the Travis camp. The Travis followers cried "fake!" William Boardman, deputy state controller, was said to have filed a complaint with District Attorney Harry E. Lewis and the federal authorities against an eastern district Republican. The cards also bore the alleged signature of State Chairman Frederick C. Tanner and Kings County Chairman Alfred E. Vass. The Travis forces lost no time in getting the details of the signers. Controller Travis issued a statement condemning the tactics employed by the Hooker adherents.

In the schools of Australia boxing has been introduced as regular exercise for schoolboys.

The daily winter or dry season range of temperature in Cuba is from about 60 to about 85 degrees.

Australia has prohibited the importation of jewelry.

The white poplar has been used as a natural lightning rod.

CONVENTION DATE

IS SEPTEMBER 28

Republican State Convention to Be Held in Burlington—Dr. Hawley to be Chairman.

(Special to The Reformer.)

BURLINGTON, Sept. 21. A Republican state convention will be held in this city Thursday, Sept. 28, with Dr. D. C. Hawley of this city, a Republican nominee for the office of state senator from Chittenden county as the temporary chairman. This much was decided at a meeting of the Republican state committee and nominees for state offices held in the Hotel Vermont yesterday afternoon.

Tentative plans, including the formation of a business men's league in the interest of Charles E. Hughes, Republican nominee for president, were outlined for the Republican campaign this fall.

The state convention which under the new law, will consist of the nominees for the state offices, the nominees for state senatorship and the Republican nominees for town representatives must elect a state committee, so that although it is very probable that the present committee will be re-elected definite plans cannot be made known at this time.

The following members of the state committee were present: Addison County, M. F. Barnes; Bennington, Dr. E. E. Potter; Chittenden, A. L. Sherman; Caldonia, J. Rolfe Searles; Franklin, W. M. McPeeters; Grand Isle, Juan Robinson; Lamoille, Smith B. Waite; Orange, Stanley Wilson; Orleans, Chauncey Skinner; Windham, John E. Piddock; Windsor, Alfred E. Watson.

Among the candidates for office present were Horace F. Graham, nominee for governor; Roger Hubbard, lieutenant governor; Guy W. Bailey, secretary of state; Walter F. Scott, state treasurer; Benjamin Gates, auditor of accounts; Carroll S. Page, U. S. senator; Frank L. Greene, representative in congress. J. L. Southwick of the Burlington Free Press and John Cushing of the St. Albans Messenger were also at the conference.

Stanley C. Wilson of Chelsea, chairman of the state committee, presided at the meeting and Robert Simonds of St. Johnsbury was elected chairman of the committee on resolution for the state convention.

Dr. P. L. Osgood of Saxtons River, nominee for town representative from Rockingham, was selected as the Windham county member of the committee on resolutions.

CONDEMNED TACTICS
OF HOOKER ADHERENT

Supporters of Controller Travis Raised Cry of Fraud in New York Primaries.

James F. Hooker, who was formerly city controller of Schenectady, ran for the Republican nomination for state controller in the primaries Tuesday, but was overwhelmingly defeated by Eugene M. Travis, the present controller. Hooker's vote was so small that it was not a factor in the result.

The first cry of "fraud" in the primary contests reached Republican headquarters in the shape of a postal bearing the heading of the Republican national committee and purporting to be signed by William E. Wilcox, its chairman, urging support for Hooker in his contest against Travis.

Chairman Wilcox, who is in Chicago, was informed over the long-distance telephone, and he immediately made a statement that the national committee had no knowledge of the postal and had not authorized it. He said the national committee was taking no part whatever in primary contests in this or any other state.

The Hooker cards were freely distributed among the voters in Brooklyn, where Controller Travis lives, and created a good deal of excitement in the Travis camp. The Travis followers cried "fake!" William Boardman, deputy state controller, was said to have filed a complaint with District Attorney Harry E. Lewis and the federal authorities against an eastern district Republican. The cards also bore the alleged signature of State Chairman Frederick C. Tanner and Kings County Chairman Alfred E. Vass. The Travis forces lost no time in getting the details of the signers. Controller Travis issued a statement condemning the tactics employed by the Hooker adherents.

In the schools of Australia boxing has been introduced as regular exercise for schoolboys.

The daily winter or dry season range of temperature in Cuba is from about 60 to about 85 degrees.

Australia has prohibited the importation of jewelry.

The white poplar has been used as a natural lightning rod.

MAGEE RANGES

NOW is the time to change!

Put a Magee Range in your home and realize what comfort it is to have a good fire and a quick oven always at your command.

Magee ovens are quickly and evenly heated, because one movement of the damper throws the heat at once around five sides of the oven.

Don't put up with that old stove any longer! Order a Magee Range and enjoy real satisfaction!

STATE NEWS NOTES.

Twenty Cents Reward for Rescue.

A party of boys who were voyaging Sunday on Lake Champlain in the 30-foot motor boat Phyllis, belonging to Jacob Smith of Burlington, came to grief when their engine stalled with a heavy sea running and the boat was washed onto the rocks near Crane's dock on the north shore, near the city, late in the day. The Phyllis was towed to the yacht club dock shortly after 9 o'clock in the evening by Napoleon Trudell of Bissell street, who heard the boys signalling for help and went to their aid in his own boat. Mr. Trudell, who caught his foot in his engine shaft during the rescuing operations, had his shoe torn and his foot badly cut. Upon arriving at the dock the party rewarded Trudell with 20 cents, which he was at first reluctant to accept, but finally did so, as the giver of the reward seemed to think he fully deserved it. It will buy him two pairs of shoe strings.

A new waterproof valise serves also as a tent and bathtub.
